

I am writing to wholeheartedly support Rachele Khadjehturian and New Chapter Wellness.

Rachele and I have been professional colleagues for the past 6 years and share many patients. As a nurse midwife, I see many women with gynecological issues, but it is Rachele I turn to for help with the challenging cases. Without fail, Rachele provides each woman with extra time, compassion, expertise and joint decision making to come up with a plan of care. Every woman has benefited from Rachele's excellent care.

It is without reservation I strongly recommend Rachele Khadjehturian.

Best,  
Donna Field, CNM
